## FIVE REASONS TO ATTEND THIS YEAR'S EVENT

### 1. Biomass Technology and Implementation Track for Architects and Engineers

Continuing education opportunities will be offered.

### 2. Biomass Heating Real World Project Presentations

You will hear case study examples of successful biomass heating projects in the Midwest.

### 3. Network with Sponsors and Exhibitors

Join with indoor and outdoor exhibitors as they share the latest in technology and products. Learn how biomass thermal can save you significant heating dollars.

### 4. Leading Industry Presentations

Over 30 presentations on biomass thermal energy will be made by leading professionals and businesses.

### 5. Help Build Momentum for Midwest Biomass Thermal and CHP

This conference brings together a coalition of biomass thermal advocates committed to working together to advance the use of biomass for heating and combined heat and power (CHP) in the midwestern United States.

## BREAKOUT SESSIONS

- Biomass Technologies and Implementation
- Wood Products Industry Biomass Thermal Success Stories
- Biomass Heating Real World Success Stories
- Biomass Thermal Environmental and Regulatory Considerations
- Regional Biomass Thermal Energy Teams
